Article 2

The changeability of the fees referred to in Article 1 is related to the annual inflation/deflation rate according to the official data published by the Agency for Statistics of BiH.

Arrangement of the amount of the fee is only made if the sum of annual inflation / deflating rates for the previous year in relation to the base year is equal to or above +/- 6%. The first base year is 2014, and each subsequent base year is the year of last adjustment of the amount of fees.

Following the publication of the data by the Agency for Statistics of BiH, analysis of the movement of parameters will affect the harmonization of the level of remuneration and eventually harmonization will be carried out at the earliest 30 and at the latest 90 days after the publication of the data by the Agency for Statistics of BiH.

The changeability of the fees referred to in chapter A 3.9.2. is related to the exchange rate for each currency and the exchange rate of card company.

Changed Amounts of Fees to the Client will be available for inspection at the Bank's business premises and via the Bank's Internet site: www.unicredit.ba, at least 15 days before the start of the application.

Article 3

The Bank contracts, calculates and charges fees for services rendered in business with individuals, in the amount of fees charged and other provisions laid down in this Decision.

Maximum fee level per product referred to in article 1, chapter C 3. Cash loans, in the following headings: C 3.2., C 3.4., C 3.20., C 3.21., C 3.22., C 3.23., C 3.24., C 3.25., C 3.26., C 3.27., C 3.28., C 3.29., C 3.30. and C 3.31. is equal to the maximum loan amount multiplied by the corresponding fee.

Fees for life insurance policies from chapter, A 3.1.18. and A 3.2.26. will apply when these products become systematically enabled.

For all items from point A 1. Invoices, points A 2. Payment transactions, points A 3. Card business, A 4. Other transaction products and D 1. Safe deposit Boxes the Bank's Management Board, in order to ensure the competitiveness and special interests of the Bank, depending on market conditions of supply and demand, and taking into account the risk of business and operating costs of the Bank, may make a special decision on commercial terms at more favorable fees the same, which cannot be longer than one year from the date of adoption, generally for all clients or for the target group of clients. The Bank's Management Board may define authorizations through the Decision on granting authorizations for contracting fees for certain bodies/authorized persons, who may make special decision for a particular business or target group of clients granting more favorable fees than the fees prescribed by this Decision on fee for services in business with Individuals as one-time fees or fees with a limited duration of maximum one year.

For all items related to credit operations, the Bank's Management Board, in order to ensure competitiveness and special interests of the Bank, depending on market conditions of supply and demand, and taking into account the risk of business and operating costs of the Bank, may make a decision on lending to individual clients. conditions on more favorable fees with a limited duration of the same, which may not be longer than one year from the date of adoption, generally for all clients or for the target group of clients. The Bank's Management Board may define authorizations through the Decision on granting authorizations for contracting fees for certain bodies/authorized persons, who may make special decision for a particular business or target group of clients granting more favorable fees than the fees prescribed by this Decision on fee for services in business with Individuals as one-time fees or fees with a limited duration of maximum one year.

The Bank charges service's fees from service users, if the agreement between the service provider or other legal entity and the Bank is not otherwise specified.

For services which are not provided by this Decision and occur in the Bank's business, the amount of compensation shall be determined by the Supervisory Board.

All amounts are quoted in domestic currency (BAM). Charging fee is done at the moment of execution of the service, in accordance with the contract.

If the fee is calculated on the basis of the multi-tariff clauses of this Decision, the calculated remuneration for each item is added, which also applies to the minimum amounts resulting from the calculation of the individual tariff headings.

Amendments to this Decision, as well as its interpretation, shall be made by the Supervisory Board.

The Management Board is tasked with preparing the Revised texts of the Decision on the Fee Rate in Business with individuals upon the adoption of the Decision on Amendments to the Decision in question in the forthcoming period. The decision's revised texts will not be adopted by the Supervisory Board and will be made for the purpose of easier business.

Article 4
